CONSIDERATION OF PROVISIONAL BALLOTS: It was determined that there were four provisional ballots out of which only one was not registered on Election Day in New Kent County, However, his wife and voter demanded that they both went through The Division of Motor Vehicles in February of this year together to do this online. Judging by previous problems with the online portal, the Board agreed to count that provisional. The Board agreed that all citizens must be given the opportunity to vote and he had completed a registration application in the correct precinct on election day so he was given credit, also his I.D. had the correct address which was also done at that time in D. M. V. online portal. The other three ballots were voters that had requested a ballot to be mailed but had not received the ballot but said that they would once they got it in the mail before Friday June 11, 2021. The return ballots all three came back in time, unopened to be accepted
