Welcome to the first 2019 edition of Inside New Kent. We are looking forward to another successful and prosperous year. During this time of the year your staff is hard at work planning and preparing our budget for the upcoming fiscal year. The Fiscal Year 2020 (FY20) budget will stick to our principles and guiding philosophy of providing resources to fund high quality services in a fiscally responsible manner. There will be various opportunities this spring for residents to participate in budget discussions at upcoming Board of Supervisors meetings, and we want to hear from you. One of our goals is to ensure residents are kept up-to-date and informed on the status of the County’s finances. Confidence in our County is directly related to the availability of complete, accurate, and timely information.

My budget recommendation can be viewed on the County’s website at [http://www.co.new-kent.va.us/DocumentCenter/View/3364](http://www.co.new-kent.va.us/DocumentCenter/View/3364). The Board of Supervisors will conduct a public hearing for the budget on April 8, 2019 to receive comments from the public, and a work session will be held on April 24, 2019. Budget highlights include:

- No increases proposed in real estate and personal property taxes.
- No increases in utility rates, fees, or public utilities ad-valorem tax.
- Reduction in Machinery and Tools tax.
- Elimination of the Admissions tax.
- Eight new positions (4 firefighters, 2 Sheriff deputies, 1 custodian, 1 social services coordinator)
- Additional funding provided to schools in the amount of $160,000.
- Transfer of $2,039,037 to the school construction set aside account. Funding will go towards debt service for the construction of a new elementary school.
- Establishes a capital reserve account for revenues received from Colonial Downs to fund future capital projects.

Those are just a few highlights from the proposed FY20 budget and I encourage you to visit our website to review the full budget. As the County continues to experience high growth rates, it is extremely important that we maintain high quality services, and we need your input to ensure that we are meeting your needs.

Also, I am proud to announce that the County recently received the Distinguished Budget Presentation Award for our current annual budget, and the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA). These awards acknowledge that the County’s financial reporting and management practices are recognized as best practices in the State and Nation.

Tips for irrigation
water conservation

As we move into the irrigation season, the New Kent County Department of Public Utilities encourages customers to consider the direct and indirect costs of lawn irrigation from the potable water system. The typical residential lawn requires approximately one inch of water per week in the summer, but many lawns are receiving up to one inch of water per day through irrigation and natural rainfall year-round. Over-watered lawns show dead spots, develop poor root structure, and are more susceptible to drought and attack from mold and fungus.

There are steps that every homeowner can take to reduce the cost of lawn irrigation. A small investment of time or money, by employing a few of the simple steps listed below, can reap annual returns in utility and lawn maintenance costs for years to come, and result in a healthier, more beautiful landscape.

- Plant native, drought resistant landscaping and incorporate water conservation into your landscape design
- Avoid obvious waste and over-watering by utilizing a rain sensor
- Reduce the irrigation system pressure by utilizing pressure reducing heads or fittings
- Prevent system drainage by utilizing check valves
- Utilize drip irrigation in non-turf areas
- Utilize high efficiency nozzles in turf areas
- Water between 5 am and 10 am to minimize evaporation
- While mowing your lawn inspect turf for signs of irrigation problems (dry spots, wet spots, erosion, etc.) and make appropriate adjustments
- If you are not able to observe your irrigation system on its regularly scheduled run, run it manually once a month to ensure proper operation
- Adjust irrigation fixtures so that overspray on driveways, structures, streets and sidewalks is eliminated
- Utilize a simple rain gauge to equate run times to inches of irrigation for each zone
- Adjust irrigation schedule and flow according to the season
- Mow at a higher setting to shade the soil and retain moisture
- Use a mulching mower to gain more nutrients from grass clippings
- Aerate and thatch soil annually to maintain proper drainage
- Consult your irrigation professional to provide recommendations to maximize efficiency
- Utilize the free resources of the Virginia Cooperative Extension for lawn care, fertilizing, irrigation & more! [https://ext.vt.edu/lawn-garden.html](https://ext.vt.edu/lawn-garden.html)
- Utilize the free resources of New Kent DPU to help determine your irrigation use & cost by calling 966-9678!

Efficient irrigation is not only better for your lawn, it reduces the demand on the potable ground water aquifer, reduces the nutrient-enriched runoff discharged to the Chesapeake Bay, and reduces utility operating costs.

National Crime Victims’ Rights Week upcoming

Every year, millions of Americans are affected by crime. Here in New Kent and Charles City the Victim Witness Office served over 300 victims and witnesses of crime between July and December, 2019. Many will need ongoing care, support and resources.

Show victims that they are not alone. Reach out, listen, and support them as they press forward on a path to recovery.

Call New Kent/Charles City Victim Witness Program at 804-966-9604 to learn how you or someone you know can get the help they need.

Help ‘Keep New Kent Beautiful’

From New Kent County Sheriff’s Office

As summer approaches and highway usage increases it becomes even more important that each of us does our part to reduce litter along our roads and highways. New Kent County is a lovely county but there are those who do not respect our community and who throw their litter along our roadways. Oddly this doesn’t seem to happen when there is a law enforcement officer near so most can not be issued a summons for this act. Also most of these items do not have markings that can be used to identify the offending party so prosecution is almost impossible. We have and do continue to investigate situations where the offenders can be identified and a number have been forced to clean up the mess or to face fines and court costs. These include trucks that fail to secure the load they are transporting, individuals who deposit trash, tires, other items on the property of others who can be located and those we are seen littering by law enforcement.

We ask that every citizen of our great county and those who travel on our roadways do all they can to reduce the amount of trash deposited throughout our county. It isn’t that difficult to hold onto your food bags, drink cups, food wrappers, straws, cigarette packages, drink bottles, bags of household trash etc. until you reach a proper trash receptacle or one of the county refuse sites. Please help yourself and your neighbor. Be a good neighbor and deposit trash in the approved receptacles. Littering is not only unsightly and unhealthy; it is also a crime.

Interested in cleaning up your neighborhood?

For those who are interested in cleaning up their neighborhood or road, the New Kent Clean County Committee has available, to the public, litter clean up kits. Each kit has 10 litter grabbers, rubber gloves, vests, trash bags, and a basic First Aid kit. These kits are available to reserve for your family, home owners association, or volunteer group, at any time.

The Clean County Committee is also currently working on hosting events throughout the year to Keep New Kent Beautiful. And, as always, they encourage citizens to collect trash in their neighborhoods.

Interested in the Adopt A Highway Program?

If you notice an increase in litter on a particular stretch of road and you can not assist in getting it picked up, notify the Virginia Department of Transportation’s (VDOT) Adopt-a-Highway program at 800-PRIDEVA (800-774-3382), e-mail adoptahighway@VirginiaDOT.org or contact the Adopt-a-Highway coordinator in your area. New Kent’s coordinator is Debra Montgomery and her number is (804) 585-3569.

If the road qualifies for the Adopt-a-Highway program, VDOT can list it as a road “most in need” of adoption.

If it does not qualify for the program, VDOT will forward the information to the local VDOT maintenance office.

VDOT works with other state agencies and organizations to prevent and control litter. Learn more at http://www.virginiadot.org/programs/prog-aah-default.asp.

ALL AGES Will Have Something To Do
BUT NO PETS OR SMOKING ALLOWED
NKCPS Superintendent celebrates victories and bids farewell

What a winter! No, I am not talking snow and ice. In fact, I did not have to make many of those calls this winter, which was quite nice. I am thinking about students and their performance around the region and state. This past fall, the New Kent Middle School football team went undefeated, winning the league championship, while the lady Lions volleyball team won their league title as well. The NKMS cheerleaders also had great success taking the runner-up position in the league. The NKHS football team had a winning record and made the playoffs for the first time in over a decade, while the NKHS golf team won the region and finished 3rd in the state. The competition cheer team was the runner-up champion in the region and finished 6th in the state, while the girl’s cross-country team was also runner-up in regional competition. The boy’s cross-country team won their 2nd consecutive regional championship, while the girl’s indoor track took the runner-up slot at the regional meet. The accolades kept on coming, when the NKHS wrestling team won the district, region, and ultimately state championship! We also had an individual state diving champion and three individual state wrestling champions. NKHS also had great success in the theater where they won the regional championship and finished 3rd in the state. The band had 10 all area band participants, 6 district band student, and one all-state participant. Meanwhile, the Scholastic Bowl team was runner-up in the region and the Junior Beta teams from NKMS and NKES did so well at the state competition that they qualified four teams for the national competition in Oklahoma City. And if that was not enough, New Kent County Public Schools proudly established an NKCPS athletic hall of fame, where Eddie Allen and Joan Hudson were named as the inaugural inductees.

In other news, we have placed a contract for 15 acres of land across the street from the Quinton Community Center on New Kent Highway to build New Kent Elementary #3. We have also secured a contract with Moseley Architects to design and facilitate the construction of the school. Our hope is to open the school in the fall of the 2021-2022 school-year. That is an aggressive timeline by industry standards, which may mean the school opens in the fall of 2022-2023. We should have a good estimate of the timeline that we can share with the community by the end of May, after much of the initial site and traffic studies are complete. Of course, we understand the biggest question parents (and students) will have is will my child attend his/her currently assigned elementary school or the new school? The process for determining this will take months to complete and will include a great deal of communication by the school division and ample input from the community.

Lastly, I announced about a month ago that I will be taking a position at the Virginia Department of Education in May. I want to thank everyone in this County for just being who you are, which are incredibly supportive people that care about the future and education of our children. I am also leaving knowing that there are going to be tremendous candidates lined up to take over as the next Superintendent and that our School Board will be listening to you as they select that future leader. I have had an amazing five years serving as your Superintendent, and will always have a special place in my heart for our New Kent community!
Congratulations New Kent Trojan wrestlers on defeating 17-time state champion Christiansburg to become 2019 State Champions! You make us all proud! #newkentstrong
