

Notice of Finding of No Significant Impact
New Kent County Airport
New Kent County, Virginia

Notice is hereby given that the Federal Aviation Administration has issued a “Finding of No Significant Impact” (FONSI) based upon the results of a Final Environmental Assessment (EA) for *Obstruction Removal, Avigation Easements, and Hangar Construction* finalized in May 2021. The Proposed Action includes the acquisition of avigation easements over 32 privately-owned parcels for the purpose of airspace protection (a total of approximately 94 acres); the removal/mitigation of existing obstructions to airspace (trees) both on and off Airport property (115 ± acres); and the construction of two, 15 ± unit T-Hangars and the associated taxiways, in accordance with the approved Airport Layout Plan. The purpose of the project is to acquire the necessary property interest by the means of an avigation easement to mitigate obstructions to the protected airspace associated with Runways 11 and 29 as well as to provide adequate aircraft storage facilities to accommodate anticipated demand.

The FONSI indicates that the Proposed Action is consistent with existing environmental policies and objectives as set forth in the National Environmental Policy Act of 1969 in that it will not significantly affect the quality of the human environment.

Copies of the final EA and FONSI are available for public review at the following locations from June 30, 2021 through July 30, 2021.

Airport Terminal Building (6901 Terminal Road, Quinton, VA 23141, weekdays 9:00 am to 5:00 pm), the New Kent County Visitors Center (7324 Vineyards Parkway, New Kent, VA 23124, weekdays 8:00 am to 4:30 pm) and on the County’s website (www.co.new-kent.va.us/177/Airport).
